

## Rationales for Practice Paper Responding to Text 3

### Rationale for Response 1

Score: 4

- Response provides a clear and developed analysis of whether or not the text reflects the use of technology in the student's society.
  - *"This text explains in a way where we should be careful about what we say over the phone and to who we say it to . . ."*
  - *"Now a days our technology is very high tech, where you could make your calls private where no one could listen."*
- Support for the analysis is logical and specific.
  - *"She says this now, but thats because she doesn't realise what kind of information is being passed back and forth over . . . if she all of a sudden became a victim . . ."*
  - *"You can turn your GPS tracking off so no one can figure out where you are for your safety"*

### Rationale for Response 2

Score: 2

- Response provides a superficial analysis of whether or not the text reflects the use of technology in the student's society.
  - *". . . so many people now are using technology to communicate and this text is showing us how non-private our lives are."*
- Support for the analysis is vague.
  - *"That line makes it obvious that technology in our society is getting very popular for eaves droppers."*
